

Aquatic Technologies uses its national buying power to extend special pricing for equipment like sprayers, high pressure washers, grinders and all the materials and tools that you will need.

## AquaGuard Products:

*The difference with AquaGuard pool refinishing products.*

AquaGuard is the product line of choice for swimming pool refinishing. The products are specially formulated as a high performance epoxy resin, which protects pools and spas for many years of enjoyment. This product offers an extraordinary adhesion for bonding, increasing strength and chemical resistance. Aquatic Technologies knows the pool refinishing business and is always leading with cutting edge technology in the epoxy coating industry.

This superior product is easy and relatively quick to apply. All AquaGuard products can be either sprayed on or rolled on. You can download AquaGuard step-by-step application instructions by going online to [www.aquatic-tech.net](http://www.aquatic-tech.net). You can also call their product support hotline at 1-866-485-0086 and a trained representative will be happy to assist you.

## **Benefits of Becoming an AquaGuard 5000® Dealer**

By becoming an Authorized Dealer you will open new revenue streams. Your sales increase and your bottom line profits soar. AquaGuard 5000® is the only resurfacing product on the market today that is accredited by the FDA. In addition, as an Authorized Dealer you can offer our 10 & 15 year warranty to homeowners, schools, government facilities, condominiums, etc.

Your company will be able to refinish and restore fiberglass, concrete and steel pools and spas

to look like new. These types of pools and spas can't be restored properly with paints or conventional resurfacing products. Other new markets will open up to your company that will help you balance out your income opportunities during the slow part of the year. You will be able to seal and waterproof Car Wash Bays, Basement Walls, School Showers and Water Storage Tanks.

## **Online Dealer Training Program**

Aquatic Technologies Group, LLC is now offering its Dealer Training Program online. Our training program is now available to you and your staff 24 hrs a day. Go online to [www.aquatic-tech.net](http://www.aquatic-tech.net) and there you will be able to view our training videos, download our installation manual and specification sheets. Aquatic Technologies online training program will provide you with all of the necessary materials to teach you and your staff how to refinish fiberglass, concrete and steel Swimming Pools & Spas.

Aquatic Technologies also offers an online test that consists of 60 questions. The test questions are multiple choice or True/False questions and you will know your score instantly. Upon completing the test you will receive a certificate as an Authorized Dealer along with our wholesale price booklet, and a submersible color sample board to show your customers what their pool can look like when resurfaced with AquaGuard 5000®.
